---

- **Academic Excellence Award ,2018** for good academic performance.
- **All India Rank 794** in JEE Advanced , 2017 among 2 lakh candidates.

## PROJECTS

---

- **Rollcam** IIT Kanpur, UP  
*Summer of Code* May 2018 - July 2018
  - Developed an app to dynamically take attendance of people in office.
  - Live feed from cctv was used to test the app.
  - used OpenCv and Microsoft api for image detection and recognition
  - used Django (Python Framework) for backend.
  - app prepares a summary of attendance of employees and takes note of employees who skip work and automatically warns them through email
- **A Step Towards ethical Hacking And Penetration** IIT Kanpur, UP  
*ACA project , Under Nilesch Vasita* Jan 2018 - May 2018
  - learnt basics of internet technology and networking
  - learnt Linux command line fundamentals and system administration.
  - developed a prototype of social network web app using mysql and php.
  - hands on with SQL injections and tested the security for the web app built previously.
  - added features to webapp like bypass filters to improve security.

## PROGRAMMING SKILLS

---

- **Programming:** Python , C
- **Web:** HTML , CSS , Javascript , PHP , MYSQL
- **Libraries:** numpy , keras , pytorch , pandas , scikit-learn , seaborn
- **Tools:** Latex , Git , Vim
- **Platform:** Windows , Ubuntu

## RELEVANT COURSES

---

- **Math:** elementary calculus , Linear Algebra, Discrete Mathematics , Logic , Probability
- **Computer Science:** Fundamentals of Computing, Data Structures and Algorithms\*, Computer Organization\* , computer laboratory\*

\* is used for ongoing courses

## POSITION OF RESPONSIBILITY

---

- **Student guide**  
*Conselling Service*

IIT Kanpur, UP  
*Aug 2018 - Present*

- guiding freshers as a mentor in their first year and help them get adjusted to this college.
